You can make a larger or smaller headband with any number for the chain. Make the headband one inch smaller than the distance around the head. This crochet headband pattern is a youth size.

Approx. size child: 3.5 in x 19 in (9 cm x 48 cm)

What size to make the crochet headband pattern?

- Toddler: 17 in
- Child: 18 in
- Teen or Adult Small: 20 in
- Adult Medium: 21 in
- Adult Large: 22 in

I usually make a crochet headband 1 in smaller than the distance around the head of the person I am making it for.

In Color A Chain: 13

Row 1: **sc** in the 2nd chain from the hook and each chain across. Chain 1 and turn.

Change color to Color B

Row 2: In 2nd stitch, **sp** in each stitch across (**sc** in the top of the stitch from the row below). **sc** in last st. Chain 1 and turn.

Row 3: **sc** in the 2nd **st** and each chain across. Chain 1 and turn.

Change to Color C

Repeat Row 2-3 until you have 84 rows or is 19 in long. After the 1st row, change color after every two rows. I used the 5 colors of the Lion Brand Ombre Mandala Yarn. I cut each color into a separate ball of yarn.

To make the easy crochet headband pattern large enough for a average adult, crochet 92 rows or until you have 21 in. Every 4 rows equals about 1 inch.

Cut and knot yarn. Weave in ends, using a tapestry needle.

Fold together, whip stitch the two ends together. Enjoy your crochet headband.
