---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

You can make a larger or smaller hat by using an even number for the chain.

Free printable pattern at the bottom of the pattern. Just click on link and print pdf out.

Approx. size of women's hat 9.5 in x 10.5 in (24 cm x 27 cm)

Chain 80

Row 1: 3rd chain from the hook, work one **hdc**, repeat to the end. Chain 1 turn.

Row 2: Skip the 1st, and work the spider: **sc**, one **ch**, one **sc**(all in the same stitch), then skip one stitch. Continue across the whole row( spider then skip one chain). You should have one extra chain at the end. Work a **sc** into that stitch. **ch** 1 and turn.

ROW 3: Skip over the first two stitches and find that **ch** space. You'll want to work your **sc–ch–sc** (spider) into that stitch. Continue across the row, putting one **sc–ch–sc** (spider) into chain space repeat until the last stitch. The last stitch will be **sc**. Chain 1, turn.

Repeat Row 3 until you have 40 rows or use all the yarn stopping on a completed row.

I finished with another row of half double crochet (chain 2 before this row.) Put hdc in each space between the spider stitch and in the center of the spider stitch.

### Finishing

Cut yarn weave in ends. Using a long piece of yarn seam the top and side of the hat. I put the seam for the side at the back of the hat. Weave in the rest of the ends.

Attach pompom to finish the hat. Put one at each corner using the loop on the bottom of the pompom and matching yarn.
