Tips for Crocheting the Blanket

- You can make a larger or smaller blanket by using an odd number for the chain.
- The yarn varies in the amount of each color it has. I found that there was a lot less teal then the other colors. So, I would end up cutting the yarn and switching the colors so there was not a lots of the same colors together.
- For this pattern, I carried a second skein of yarn and crocheted over it. Then change colors at the end of the row.
- The chain is the length of the blanket.

Repeat Row 2 until you have 156 rows or the
