Puff Stitch Tips

- For the chain you need an even number.
- You can decrease or increase the size of the puff by doing more loops.
- The puff stitch is closed by a chain stitch. Then you follow it with a 2nd chain stitch while skipping the next stitch. (This is not true for every pattern so carefully read the pattern.)
- There is a row of single crochet in between each row of puff stitches.
- This stitch takes lots of yarn.
